

Vintera™ Grape Extract

Vintera™ Grape Extract is a range of natural ingredients derived from the seeds and skin of grapes grown in Spain. These extracts are 100% “upcycled” from the wine industry, ensuring perfect traceability from the vineyard to the final product. Highly valued for their beneficial properties, grape extracts have been shown in numerous scientific studies to help improve skin health, as well as the digestive, cardiovascular, and cognitive systems. Additionally, research highlights the potential of grape extracts as natural preservatives in food and beverages.
